

Student Successes

The Equality Challenge Unit (ECU)'s Athena SWAN Charter (<https://www.ecu.ac.uk/equality-charters/athena-swan/>) was established in 2005 to encourage and recognise commitment to advancing the careers of women in science, technology, engineering, maths and medicine (STEMM) employment in higher education and research. The Faculty of Medical Sciences has a Silver Athena Swan award.

We use this section of the website to celebrate the successes of all our students, both male and female.

Congratulations to the following students who had research projects approved by our School Research Management Group on 19th September 2018: -

- **Dr Janis Meek (on-campus Certificate)** – speaking up: a team based approach to patient safety.
- **Dr Samantha Hartley (on-campus Certificate) and Dr Alexandria Cropp (on-campus Certificate)** – how do attitudes towards frailty differ between medical students of different stages and foundation doctors?
- **Dr Emily Cottrell (on-campus Diploma)** (with Dr Caroline Sprake) – feedback to feedforward: evaluating the quality of written MOSLER feedback.

Congratulations to the following students who had research projects approved by our School Research Management Group on 19th November 2018: -
